ALYTEC aluminium framed glass doors

Create your look

Enhance the style and sophistication of your kitchen design with the addition of sleek ALYTEC aluminium doors.

GLASS INSERTS

Frosted glass

Starphire white glass

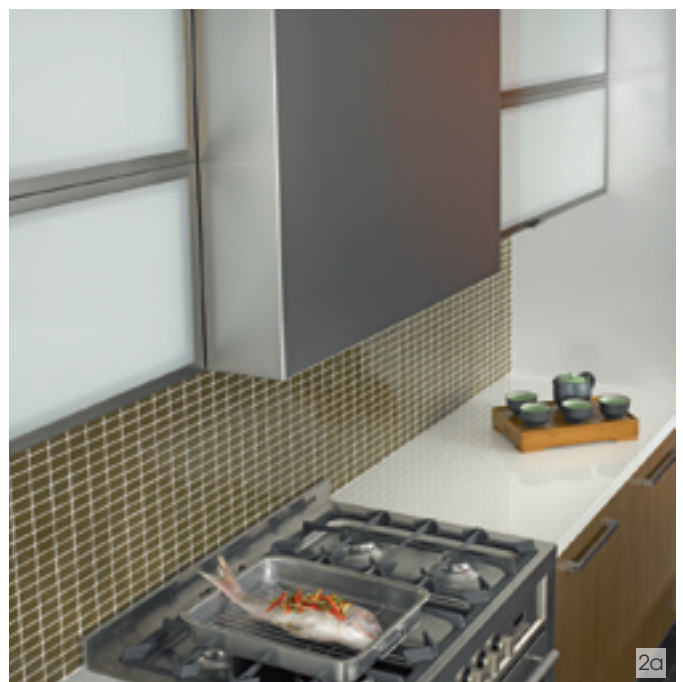

Mirror glass

Clear glass

The above glass inserts are shown in a brushed stainless 23mm frame.

ALYTEC aluminium framed glass doors are available in a subtle satin aluminium, or a striking new brushed stainless finish. ALYTEC doors create an elegant focal point to compliment modern kitchen decor. Whether you are creating a completely new kitchen or introducing extra features to an existing kitchen, ALYTEC doors will add contemporary appeal for a minimal additional cost. With four modern frames, ALYTEC doors reflect the latest trends in European design. Choose from a classic slimline, eye-catching wide frame or add an extra dimension with a shadow frame, inlaid with your choice of glass inserts.

3

The Brushed Stainless finish is similar in colour to stainless steel appliances allowing for a more consistent look when creating your kitchen design. ALYTEC doors are designed to highlight and compliment polytec's product range including Benchtop laminates, Thermolaminated vinyl doors and Melamine doors. ALYTEC doors can now be used in drawer front applications allowing for further flexibility in your kitchen design.

SATIN ALUMINIUM FRAMES

23mm frame

23mm / 19mm frame

42mm frame

32mm / 10mm frame

The ALYTEC range provides the ultimate blend of design functionality and visual appeal. All ALYTEC doors are inserted with laminated safety glass for a long lasting finish and maximum scratch resistance. Offering greater durability, ALYTEC doors are exceptionally easy to clean and maintain.

ALYTEC doors come with a 7 year warranty.
