FREESTYLE™ surfaces

- UNPARALLELED *design freedom*
- VIRTUALLY SEAMLESS *joins*
- STAIN *resistant*
- TACTILE & WARM *to the touch*

**LAMINEX® FREESTYLE™ surfaces** give you the flexibility to create your dream space combining aesthetic appeal and practical advantages, whether in a home or commercial environment. Inspired by the look of glass, concrete and stone,

the **FREESTYLE surfaces** range is derived from a blend of natural minerals and pure acrylic resins. The result is a homogenous material which is incredibly durable, has superior scratch resistance, and possesses hygienic qualities similar to stainless steel. It can be cut, shaped, styled and moulded for either vertical or horizontal applications, with virtually seamless joins. Perfect for kitchen benchtops, splashbacks, bathrooms and laundries, the exciting **FREESTYLE surfaces** range is limited only by your imagination.
