**LAMINEX SQUAREFORM** *benchtops* are made using Laminex Redback HPL, a **Greenfirst** initiative from The Laminex Group. Laminex Redback HPL is a Good Environmental Choice Certified Product. The Laminex Group, A division of Laminex Group Pty Limited ABN 98 004 093 092. The colours of the photographs depicted in this brochure are as close to the **LAMINEX SQUAREFORM** *benchtops* range as photographic lighting and modern printing processes allow. **LAMINEX SQUAREFORM** *benchtops* are marketed and distributed by The Laminex Group. Dark colours require more care and maintenance than light-coloured surfaces. The Laminex Group recommends the use of laminate cleaning products for dark colours, please visit [www.laminex.com.au](http://www.laminex.com.au) for specific care and cleaning information. Please note that in certain lights or from different angles wipe down marks may be visible. The **LAMINEX SQUAREFORM** *benchtops* range is no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. **LAMINEX SQUAREFORM** *benchtops* should be protected from strong, direct sunlight as continuous exposure may cause discolouration or fading to the surface over time. "Seamless Edges" in relation to **LAMINEX SQUAREFORM** *benchtops* refer directly to the front edge of the benchtop where the joint has been eliminated. The joining seam will be visible in the case of the short side edges of the benchtop, and also where benches join at right angles or similar, as with all normal benchtop applications. Please obtain a copy of the terms and conditions of the **LAMINEX SQUAREFORM** *benchtops* 7 Year Limited Warranty from The Laminex Group or visit [www.laminex.com.au](http://www.laminex.com.au).
