The Laminex Group. A division of Laminex Group Pty Limited ABN 98 004 093 092. The colours of the photographs depicted in this brochure are as close to the Laminex range as photographic lighting and modern printing processes allow. Laminex is marketed, distributed and manufactured by The Laminex Group. Dark colours and gloss finishes require more care and maintenance than light-coloured and lower-gloss surfaces. The Laminex Group recommends the use of laminate cleaning products for dark colours and gloss finishes, please visit www.laminex.com.au for specific care and cleaning information. Please note that in certain lights or from different angles wipe down marks may be visible. The **LAMINEX COLOUR palette** is no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. The **LAMINEX COLOUR palette** should be protected from strong, direct sunlight as continuous exposure may cause discolouration or fading to the surface over time.
